Introducing the newest former to the Tomahawk line up ; the TM-400 is a mid-sized forming machine capable of producing a wide range of value-added products. With the latest version of Allen Bradley controls, we feature maintenance-friendly programs, with the ability to easily add up to 100 recipes to match your product line. The TM-400 combines the latest technology with a full $15 \frac{3}{4}$ " (400mm) of usable-space helping to increase your productivity for a higher product output.
